This report presents a detailed summary of CHAMPUS Fiscal Year 1991 institutional services workload data for selected high intensity diagnoses, procedures and DRGs. Appendix A contains workload summaries on selected surgical procedures (pp A-1 to A-7), neonatal ICU diagnoses, and neonatal DRGs. Appendix B shows the workload broken out for each of the neonatal DRGs. Appendix C contains workloads for each of 70 DRGs which had relative weights greater than 2.0 (HCFA 8/91). Workloads, shown by patients' state or country of residence, include the number of patient admissions, number of patient dispositions, number of bed days, average admissions length of stay, and average dispositions length of stay.

SELECTED HIGH INTENSITY DIAGNOSIS/PROCEDURE/DRG
WORKLOADS BY STATES FISCAL YEAR 1991
TCSDP REPORT # RP92-035

EXECUTIVE SUMMARY

This report presents detailed CHAMPUS Fiscal Year (FY) 1991 institutional services workload data for selected high intensity diagnoses, procedures and DRGs. The data are presented in Appendices A through C. Appendix A contains workload summaries on selected surgical procedures (pp A-1 to A-7), selected neonatal ICU diagnoses (p A-8), and selected neonatal DRGs (p A-9). Appendix B presents the workload broken out for each of the neonatal DRGs. Appendix C contains separate summaries for each of 70 DRGs which had a relative weight greater than 2.0 (from HCFA 8/91) (pp C-1 to C-70).

All tables show the number of patient admissions, number of patient dispositions, number of bed days, average admissions length of stay (bed days/admissions), and average dispositions length of stay (bed days/dispositions). All data represent services performed within the U.S. However, the workloads are summed and presented by patient state or country of residence. The listing of states and countries is in descending order by number of patient dispositions, and thus varies from table to table.

The institutional service records analyzed in this study were extracted from the TCSDP main database by payment date (FY 1991) and by having one of the following ICD-9-CM codes or DRGs:

For Appendix A: ICD-9-CM Procedure Codes

Kidney Transplant	55.6 - 55.69
Cardiac Surgery	35.1 - 36.99, 37.5
Neurosurgery	01.3 - 02.99, 07.6 - 07.79, 38.31
Thoracic Surgery	32.0 - 33.99, 34.4 - 34.5, 34.7 - 34.89
Vascular Surgery	38.10 - 38.19, 38.7 - 39.59
Major ENT	25.2 - 25.9, 27.54, 27.60 - 27.69, 29.4, 30.0 - 30.4

For Appendix A: ICD-9-CM Diagnosis Codes

Neonatal ICU	764 - 765.1, 768.0 - 770.8, 773.0 - 773.4, 774.0 - 779.9
--------------	---

For Appendices A and B: DRG Codes

Neonatal ICU	386 - 390, 600 - 636
--------------	----------------------

For Appendix C: DRG Codes

1-4, 7, 49, 75 - 76, 103 - 108,
110 - 113, 115 - 116, 120, 126,
146, 148, 150, 154, 164, 170, 191,
193, 195, 199, 200 - 201, 209,
216 - 217, 263, 285 - 287, 292,
302 - 304, 315, 353, 357, 386,
392, 400 - 401, 406, 415, 424,
456, 458, 468, 471 - 473, 475,
476, 478, 480 - 486, 488, 492

(Note: DRG codes 386-390 are invalid after 4/1/89. There were seven occurrences of these codes in the neonatal data extracted for Appendices A and B. They were converted to 600-636 codes prior to summation. Code 386 was not converted to a 600 code for Appendix C.) Records having no government cost, no patient cost, and no total amount allowed were deleted prior to summation, as well as those where the fiscal intermediary denied the claim. Since each record was extracted based on payment date, the sums shown in the tables may reflect an unstable condition due to part of a claim payment being paid outside the time interval of FY 1991. In addition, data was extracted from main relational data bases by procedure codes and were not converted to a Composite Institutional Record (CIR) file prior to analysis. To this point the primary purpose for data use should be to compare relative rankings rather than absolute rankings.

Technical Note: The following TCSDP data were utilized for the report:

- A) TCSDP Main Relational Database V1.0
- B) TCSDP Indexing Logic Module GMED

MEMORANDUM FOR Defense Technical Information Center, ATTN: DTIC-
OCC, Catalog Branch, Building 5, Cameron Station,
Alexandria, VA 22304-6145

SUBJECT: Release of Limited Reports in DTIC

1. Enclosed is a list of reports submitted by Health Care Studies and Clinical Investigation. At the time of submission we requested these documents be limited to DOD agencies only. This limitation no longer applies. Please remove the limitation on all the listed reports (enclosed). These reports should now be "Unlimited, Available for Public Use."
2. By lifting the limitation on this reports, will they now be provided to National Technical Information Service? This agency would like these documents placed with NTIS for a wider audience.
3. Point of contact is Beverly Rakowitz DSN 471-0047/9610 or commercial 210-221-0047/9610. Mailing address is Directorate of Health Care Studies and Analyses, Cdr, AMEDDC&S, ATTN: HSHN-R, 1608 Stanley Road, Fort Sam Houston, TX 78234-6125.
